Cmc di Ravenna to construct two lots of Singapore Mass Rapid Transit (MRT)

Cooperativa Muratori e Cementisti di Ravenna signed today two contracts, worth totally €250 million, for the construction of two lots of the Singapore underground railway line.

The two civil contracts, 926 & 927, have been awarded to Cmc by Land Transport Authority (LTA) of Singapore.

The total length of the lots is 4,2 km including two twin-tube tunnels and two underground stations.

Tunnels will be excavated using six Tunnel Boring Machines. Construction of stations and tunnels will start this month and are targeted to complete in 2017.

Nowadays Cmc is engaged in the Far East for the excavation of hydraulic tunnels in China and the construction of a hydroelectric power plant in Laos.
